

President Greets

Greetings to all the readers of the Wartburg Trumpet! For those of you who will be reading the Trumpet every Saturday afternoon on the campus of Wartburg College, students and members of the faculty and staff, we extend a cordial welcome! We wish for you success and satisfaction in your work and a rich measure of God's abundant blessings.

The Waverly community welcomes you and invites you to take advantage of its facilities, its churches, its business enterprises and its recreational facilities. Together let us determine to make this one of the best years in the history of Wartburg College.

Sincerely,

C. H. Becker

President, Wartburg College

Theme of 1962-'63 Convo Seeks Man's Predicament

"Isolation Involvement: Man's Predicament" will be the theme of the 1962-63 convocations program, according to the Rev. Herman Diers, Convocations Committee.

The general theme will be presented through four specific areas of human experience, which will be shown through a block plan similar to last year's. Four areas to be presented are education, fine arts, economics and politics.

IT IS HOPED that through this theme the tension between isolation and involvement in the various aspects of human experience will be explored.

Focus will be placed on Latin America during the whole year. In each area the problem will be discussed with specific relation to Latin America.

THE CHOICE of Latin America was made because of its crucial position as an emerging continent in the world today. This special relation in each of the four areas will be presented by a key speaker.

Among the speakers in the education block will be Dr. Gabriel Betancur, Mejia, chairman, OAS Education Task Force; and Dr. Nicholas Nvaradi, director of the School for International Studies, Bradley University.

IRVING J. Stolberg, regional director, World University Service, and Dr. Wilson M. Stone, Western Illinois University, will also speak.

In the fine arts block such programs as Paul Jacobs, concert pianist; the Bishop's Players of Santa Barbara, Calif.;

and Dr. Gibbert Chase, director of the International-American Institute for Musical Research, Tulane University, will be presented.

THE REV. ALFRED Klausler, executive secretary, Department of Communications, Walther League; Wartburg Castle Singers; and Experimental films of Norman MacLaren and John Hubley will also be included in the fine arts block.

SEVERAL SPECIAL programs that do not fit into any specific category, such as the convocation on Sept. 25, which will deal with the new all-college book, "J. B.," will be scheduled.

This convo will be conducted by Dr. Phillip Kildahl, English Department, and Dr. E. A. Schick, Christianity Department. The program is titled "Some Unanswered Questions—the Introduction of the All-college book, 'J. B.' " "J. B." is a Pulitzer prize-winning play by Archibald Mac Leish.

DURING THE second semester the areas of economics and politics will be stressed.

Again heading the Convocation Committee is Dr. James Fritschel, Music Department. Committee members include the Rev. Herman Diers, college chaplain; Dick Buchsteiner, student body president; Dr. Schick; senior Elaine Eggert; and ex-officio members Dr. C. H. Becker, president, and Dr. J. O. Chellevold, dean of faculty.

Summer Confabs Held On Campus

While Wartburg College students were basking in the sun or busily at work on summer jobs, Wartburg College became the setting for several Lutheran conferences.

The Iowa District Convention of The American Lutheran Church was held on the campus June 25 to 28.

July 9 to 13 the Church Music Workshop met.

Iowa District Luther League Convention was held on campus July 20-22.

Luther Leaguers from the Southern Wisconsin District were on campus from Aug. 20 to 24 for Leadership Training School.

Walter Fredricks, college business manager, remarked that the Leaguers in both groups conducted themselves exceptionally well.

Largest summer gathering was held by the Women of the Church from Aug. 21 to 22. Almost one thousand women were in attendance.

Project Receives Attention

The 1962-64 North Central Study Project has received considerable attention recently and will be more carefully pursued in the coming months.

Dr. E. A. Schick, Christianity Department, is chairman of Wartburg's project. As chairman he attended a Liberal Arts College Workshop at the University of Michigan, sponsored by the Committee on Liberal Arts Education of the North Central Association of Colleges and Secondary Schools, July 23 to Aug. 17.

Each of the 70 colleges which were invited to participate in the workshop has a particular project.

Wartburg's topic is "The implementation and realization of the educational aims and objectives of Wartburg College through the curriculum, the administrative pro-

cedures, and the co-curricular activities of the College."

Schick attended a seminar on Student Affairs and Institutional Climate and picked up several observations and ideas.

WARTBURG'S PRESENT attendance policy (before the recent change) was described at the seminar as "cumbersome," according to Schick.

Campus problem as viewed by Schick is that "Too often whatever intellectual excitement teachers are able to generate is not caught up and shared outside the classroom."

Other problems are how to best take advantage of students' ideas on change in the direction of the educational objectives, and the fact that "students come expecting to learn but then learn not to expect to."

Critical questions were raised at the workshop concerning

Wartburg's divisional organization in the present catalogue.

COMMENTS WERE made about the designation of the department of "Christianity," the importance of Philosophy 407, the justification of the foreign language-mathematics option and the balance between requirements and selectivity.

Schick has made some definite recommendations concerning the study project.

First of all, the Wartburg faculty must concern itself with its own identity and policy-making role in general, first deciding the scope of the 1962-64 study project. The faculty must have discussion opportunities and a share in arriving at important decisions.

Secondly, Schick recommends

Schick

that a greater part of the Monday evening faculty sessions for the next two years be devoted to various phases of the study project for "adequate faculty information and participation."

THAT EARLY ACTION be taken on requests and recommendations concerning independent study and honors work be taken, due to its importance, is advised.

For this matter Schick recommends the appointment of a faculty Coordinator of Independent Study and Honors Programs.

Faculty members were given a questionnaire on which to express their interpretation of the 1962-64 study project at the Fall Seminar, which began on Sept. 6 with a family potluck supper and continued with reports and discussions on Sept. 7 and 8.

How the faculty wishes to organize itself for the study was also proposed, and definite committees are expected to be set up in the near future, according to Schick.

Musical Groups Organize

Another year of work is beginning for the Wartburg Choir, the Marching Band and the Castle Singers. All of the organizations held auditions during the last week, and final selection of members will be posted sometime next week.

Twenty-five positions are to be filled in the Wartburg Choir, according to Dr. Edwin Liemohn, director and head of the Music Department. Competition for soprano and alto spots has been strong, and Dr. Liemohn urges tenors and basses to try out.

FINAL AUDITIONS will be going on into the first of next week, when final selections will be made.

The new group of freshmen will start rehearsals for the 1963 concert season on a day to be announced sometime next week.

European tour for 1965 is definite, and work on it has already begun. This year's freshmen will be the oldest members of the group taking the tour.

Marching Band, directed by Robert E. Lee, has openings in all sections and also needs members for a color guard.

PLANS ARE being made to

march at three home games and one away game. Half-time shows will consist of precision marching and pageantry. A special parade routine for Homecoming is also being worked out.

In regard to the concert band, Lee said, "There is a large number of returning bandmen, and there's a good quantity of freshmen trying out, but membership in the band is competitive, so there are openings in all sections."

The band expects to take a spring tour.

CASTLE SINGERS have openings for about twenty-three members and are especially in need of tenors and basses, according to Dr. James Fritschel, director.

Fritschel said that the year's plans include a Gershwin Memorial program with the band at Homecoming time. In early December, Singers will present an American Jazz Mass in convocation.

Castle Singers will again participate in "Christmas at Wartburg" and after Christmas will do a program in conjunction with the Band and Choir. Singers, with the Drama Department, will also present a musical.

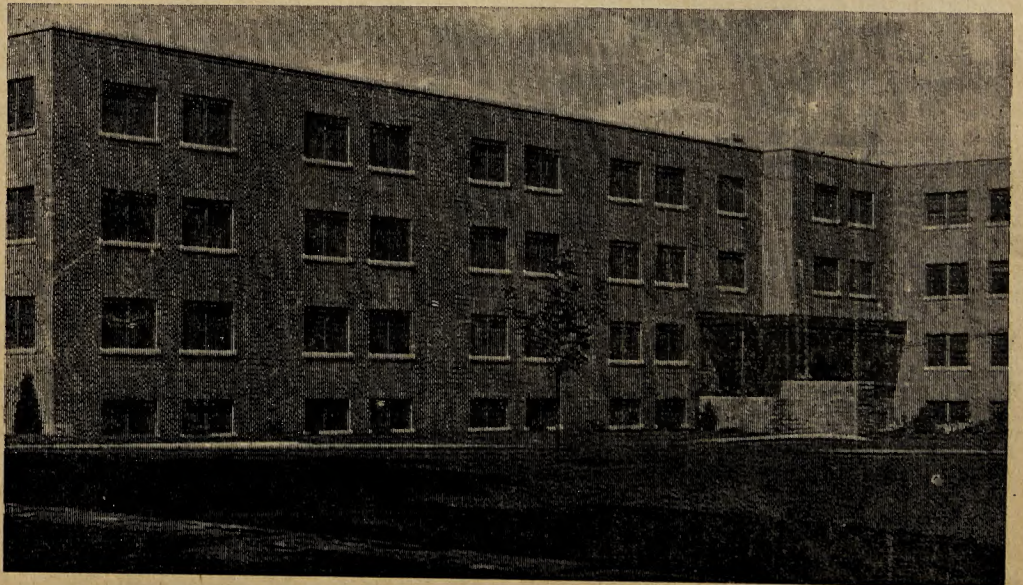

2 Freshmen Get Awards For Music

Music scholarships were awarded to two Wartburg freshmen yesterday following competitive auditions, according to Dr. Edwin Liemohn, head of the Music Department.

Bonnie Lou Lawrence, Clinton, received the Roger Tillapaugh Music Scholarship worth \$100. This is awarded to a music student who demonstrates outstanding talent and promise of achievement.

Winner of the Diamond Jubilee Music Award is Dennis Egge, Cambridge, Wis.

The scholarship, which pays for private lessons for one semester, is awarded on the basis of general scholarship, musical achievement and promise of accomplishment as a solo performer.

Newest Dorm Occupied

NEWEST WOMEN'S DORM. Hebron Hall was occupied for the first time this year as a college residence. Janet Henderson, a freshman at Wartburg last year, was the winner of

the dorm-naming contest. Hebron Hall is named after Hebron Junior College, Hebron, Neb., which became a part of Wartburg in past years. She will receive \$10.

It's A Beginning

New faces, old faces, orange beanies, empty pocket-books, standing in line, more work, less sleep — this adds up to the beginning of a college year.

At the onset of any experience, it is important to think ahead in order to make the most of the undertaking.

As freshmen, the road ahead may take on many aspects. In the coming weeks and months and years you will be forced to make many decisions — some small, others big.

As you meet these decisions you will be developing your personality and your character. Taking on self-responsibility will be one of the most important tasks you will face.

Responsibility will be thrown on you from all directions. What decisions you make now will be YOUR decisions, not anyone else's. It will be up to you to develop your habits and practices.

Sometimes this responsibility will seem to bog you down, but it's something everyone goes through from the freshman to the senior.

Upperclassmen have a new policy to decide upon. In all upper-division courses there will be unlimited cuts. This puts the responsibility of class attendance completely in the hands of the student, a measure that many people have felt is the only adult procedure to follow.

Several studies have been held during the past years on class attendance in regard to our past cut system and a new one, according to Dean of Faculty John O. Chelle-vold. The final action was taken at the faculty fall seminar.

However, the statement is not completely infal-
lible, since there is a sentence contained in the policy which permits each individual faculty member to link grades with class attendance, with the approval of the dean of faculty.

In effect, an instructor could very easily put the pressure on the students. In the past several instructors on the Wartburg campus believed very strongly in class attendance. May these people take advantage by connect-
ing grades with class attendance?

Just how students will react to this new policy remains to be seen. It seems to exemplify a step in the right direction for Wartburg College.

Perhaps in the future it will extend to all courses. It is just one more way of developing self-responsibility, a trait so vital in everyone's life beginning with the fresh-
man and continuing on throughout a lifetime.

New faces, old faces, orange beanies . . . responsi-
bility.

Issues Demand Answers

Again the call goes out to express your opinions, re-
gardless of their nature, in the form of Letters to the Editor.

Each year an editor invites readers to submit their opinions, and each year replies get fewer and fewer. Most everyone has an opinion on campus issues, so why not share these opinions with others?

It would indeed be sad if everyone possessed the same opinions on matters. For it is only through controversy that constructive changes are made.

Communication is a vital part of everyone's life. Whether through speaking or writing, it is important that man communicate. As students, you are given many opportunities to express your thoughts and ideas, and the Trumpet is just one of many channels.

Due to some rather lengthy letters in past year, the Trumpet is adopting a policy this year of limiting letters to the editor to 250 words. It is hoped that this will elim-
inate unnecessarily long letters that could say the same thing, probably more effectively, in fewer words.

This policy is not intended to discourage people from writing, but rather to make the setup known so that more people will write concisely and construc-
tively.

Faculty members as well as students are invited to write letters. Through good communication between the two, effective changes can be made.

Issues demand answers!

The Wartburg Trumpet

Published weekly during the school year. Entered Oct. 15, 1935 and re-entered Sept. 27, 1947, as second class matter at the post office at Waverly, Iowa, under the act of March 3, 1879. Subscrip-
tion rate—\$3.50. The views expressed in this publication are not necessarily those of the faculty or the administration. Founded in 1906 as the Wartburg Quarterly.

KNIGHTMARES

Several Ways Suggested To Find Local Directions

By Mike Sherer

Seems as though everybody's getting organized these days: The Railway Workers, The National Farmers Organization, Gamma House . . .

Sherer

And, speaking of getting organized, three out of four col-
lege professors recommend it. What better way
for newly arrived Wartburg students to find
their way around our historic campus than by
getting acquainted with the college buildings,
parking lots and other points of interest? For
instance, there's the . . .

STUDENT MEMORIAL UNION, home of the
Wartburg Lounge where one can watch Candid
Camera in living color (a neat trick for a program
telecast in black and white); site of lounging and
other extracurricular co-educational student activ-
ities, the lounge possesses a commanding view of the sidewalk.

THE TREASURER'S OFFICE, an attractive main-floor of-
fice complex in Luther Hall; variously known as "The IBM
Jungle" or "Little Wall Street"; its credit department has been
the inspiration for such hit songs as "I'll Be Seeing You" and
"Hear the Pennies Dropping."

THIRD FLOOR GROSSMANN HALL (on top of old smoky), one
of the most attractively kept residential areas; its doors and walls
boast various battle scars from a colorful past. Other points of
interest include the Bowling Alley (known to non-residents as the
"hallway") and the stairways at either end of the floor, both of
which are still standing.

THE FISHPOND, Wartburg's only 'depressed area'; period-
ically inhabited by fish, Iowa seaweed and assorted pieces of
wearing apparel; attracts bathers of many varieties, especially
the red-breasted robin and the orange-billed freshman.

FAMOUS LOST WORDS Department — "Freshmen, contrary to
anything you may have heard, the sophomores are your friends."
(Dean Oppermann, September, 1959)

STUDENT PARTICIPATION NEEDED

Prexy Examines Government Situation

By Dick Buchsteiner

With the beginning of
another school year at
Wartburg, comes the begin-
ning of another year of
student government.

What student govern-
ment accomplishes during
the coming year will be
determined by the interest
and participation that is
shown by the student body.
Student government cannot
be effective without
student interest and partici-
pation.

Student Senate is the tool by
which you can express your ideas
and opinions about student gov-
ernment and its program. Many
students express opinions, but
they go unheeded because they
are not channeled properly.

If there is one area at Wart-
burg College where "every-
body is somebody," it's in
student government. If you
have something to say, you
can be sure that it will be dis-
cussed by the Senate and given
serious consideration.

By knowing what you, the stu-
dents, are interested in, the Sen-
ate will be able

Buchsteiner

to work in the
areas in which
the student
body is interest-
ed. Student gov-
ernment at
Wartburg Col-
lege has a great
deal of power,
especially when compared with
similar organizations on other
campuses.

THE STUDENT SENATE has
power, but that power goes un-

used unless the Senate knows
what you, the student, wish it
to accomplish with that power.

What can the average student
do to become a vital part of stu-
dent government? He can ex-
press his views to his Senate rep-
resentatives. He can support the
proposals which student govern-
ment places before him. He can
attend Student Senate meetings,
which are held three Monday
nights a month and which are
always open to students who
wish to attend.

Perhaps the most encourag-
ing sight for those of us on
the Senate is to see a well-
attended student body meeting.
We judge student interest by
the number of people present,
and I must admit that this has
been very disappointing at
times.

idea of discontinuing student
body meetings, but I feel that
this is taking away the student's
privilege of deciding key issues
that have an effect on him.

Perhaps the students of Wart-
burg College don't want to have
a voice in matters that pertain
to them. Perhaps student body
meetings should be eliminated
and replaced by additional con-
vocations.

Next Tuesday is our first
student body meeting of the
year. Perhaps we will find out
then whether student body meet-
ings are worthwhile.

ACKERMANN LAST TO LEAVE

Faculty, Admin. Changes Announced

Administration changes in addition to faculty replacements have taken place during the summer and past year for the 1962-63 school year.

The Rev. Martin Ackermann, development director at Wartburg since August, 1955, has officially assumed the position of Associate Director of Church Relations at St. Olaf College, Northfield, Minn.

At present there is no replacement for Ackermann, but candidates are still being considered, according to Pres. C. H. Becker, who added that he hoped that a decision would be reached in the near future.

Walter Fredrick Jr., assumed duties as assistant to the president for business affairs on July 1. He is a Wartburg graduate and a former president of the Alumni Association in 1956-58.

He obtained his M.A. from the State University of Iowa and has had many years of experience in the field of education. He came to Wartburg from the position of superintendent of the Grundy Center school system.

Fredrick is replacing Herbert Engelbrecht, who resigned last spring and who has now joined the staff of the Lutheran Children's Home in Waverly as development director.

The signing of eight new faculty members to teach at Wartburg brings the total of teaching faculty to nearly 70.

Henry M. Milander, instructor in biology, comes to Wartburg from Bowling Green University, Ohio. There he completed his M.A. this past summer and was a graduate teaching assistant. He obtained his B.S. in education from Lock Haven State College.

Replacing Oscar Carlson, now at Estherville Junior College, Milander has been working with the Atomic Energy Commission on a project which measures environmental radioactivity. He is married.

Another instructor in biology, James L. Prouty, obtained both his B.A. and M.A. from Drake University, where he was also a graduate assistant. For the past two and a half years he has been a part-time chemical laboratory technician for the Brown Engineering Co.

Prouty, who is married and has one child, was also a student assistant at the Des

John Solensten

Moines college. He is replacing Mrs. Judith Krause Halamka.

Another addition to the Biology Department, Dr. Dean R. Zimmerman has been named assistant professor of biology. He comes to Wartburg from Notre Dame, where he has been research associate doing nutrition and bio-chemistry research in the Lobound Laboratories for Germ-Free Research since September, 1960.

Dr. Zimmerman attended Wartburg for two years, from 1950-52. He received his B.S. and Ph.D. from Iowa State University and was graduate assistant from 1956-60. He is married and has two children.

David C. Hampton, assistant professor of chemistry, received his B.A. from St. Olaf and his M.S. from the University of North Dakota. This past summer he worked on a Ph.D. at Purdue University. He was a teaching assistant and research fellow at both UND and Purdue.

Hampton taught chemistry at Luther College during the 1961-62 school year before coming to Wartburg. He is married and has one child.

Miss Gloria Alcock, who comes to Wartburg from Cedar Rapids Washington High School, has been named assistant professor of business administration. Previous

Dean Zimmerman

to that she taught at the Corwith Community School, Corwith, from 1951-54 and at Tama High School from 1954-56.

Miss Alcock earned her B.A. from the State College of Iowa and her M.A. from the State University of Iowa. Presently she is state membership chairman for the United Business Education Association in addition to being Northeast Iowa executive board member for the Iowa Business Education Association.

She is replacing Carl Muench, who retired on Sept. 1 as assistant professor emeritus of business administration and economics after being on the Wartburg staff for 32 years.

Dr. Ella Hanawalt, visiting professor of psychology, comes to Wartburg after an extensive teaching career. She taught at Milwaukee Downer College, where she was chairman of the Psychology and Education Department for 30 years.

She obtained all three degrees, B.A., M.A. and Ph.D., from the University of Michigan, and has had extensive research published in the Journal of Experimental Psychology and in the Journal of Comparative Psychology.

Replacing Dr. Maxwell Park, who retired, she will be on the Wartburg staff for one year.

Gloria Alcock

John M. Solensten, instructor in English, comes to Wartburg from Hopkins Senior High School, Hopkins, Minn., where he had taught since 1958. His B.A. came from Gustavus Adolphus College and his M.S. from Mankato State College.

This summer he completed the Coe Foundation American Studies Lecture and Seminar at the University of Wyoming. He is also married.

A change has also been made in the library staff. Mrs. Magda Jensen is replacing Miss Elizabeth Martin, who resigned to teach library science at the State College of Iowa in Cedar Falls.

Mrs. Jensen, who obtained her B.A. from the University of Michigan and her M.A. from the University of Colorado, has the position of assistant librarian.

She has done further graduate work at the University of Chicago, has taught at Wartburg Normal College and was Education Librarian at the University of Kansas, Lawrence.

Miss Neora Janssen, in another staff change, has replaced Mrs. Rose LaBahn, who retired last spring as house-mother of Centennial Hall.

Concert To Star Four Freshmen

Wartburg's Fall Pops Concert will feature the Four Freshmen. The date for the concert is Tuesday, Oct. 2, and tickets will go on sale this Monday, according to seniors Jon Gruber and Emery Davis, co-chairmen.

The Four Preps were originally to appear. However, Dick Buchsteiner, student body president, was informed by the booking agent that the Four Preps are disbanding their group as of late this summer.

JANSSEN REPLACES LABAHN

Centennial Hall Acquires New 'Mother'

By Louise Loots

"Well, how do you like your new job by now?" The friendly-casual lady behind the buzzing-busy desk looked up.

"Well . . ." she answered back, and then her voice and eyes broke into a hearty laugh as if this was the best job in the whole world.

Miss Neora Janssen, by name, hails from Wyoming, Ill. She has one sister, who lives in Omaha, Neb.

Being a women's house-mother is quite a new experience for Miss Janssen. Her previous occupation has mainly been office work. She has been employed both as an accountant and as a secretary and assistant treasurer in a large manufacturing company.

However, this lady with the welcome smile has worked with young people before. Through young people she has received many rewarding experiences in St. Timothy's Church in Castle-ton, Ill.

An interesting sidelight is that several of the students from near Castleton who are now at Wartburg were once members of her Sunday School class.

"I like young people very much and I have great faith in them."

This is Miss Janssen's re-freshing attitude about youth in general and especially about the young people of Wartburg. She feels that "a Christian at-

SITTING AT HER usual post is Miss Neora Janssen, the new housemother at Centennial Hall. Busy, but smiling, Miss Janssen enjoys her work with youth.

mosphere is very important for college students in our whirling world."

This newest Wartburg Mom finds that the spirit at Wartburg College is outstanding. She adds that she hopes that this spirit will extend into her relationships with the girls in Centennial Hall.

"In order to get along with each other," she explained, "there must be co-operation both ways. I shall try to co-operate with the girls and they with me."

That's your new housemother, Centennials—a love for young people intermingled with a sense of humor even warmer than this September afternoon.

7 Night Courses Offered

For the fourth consecutive year Wartburg College is offering a number of late afternoon, evening and Saturday classes to regularly enrolled Wartburg students and area residents.

These eight courses will be the same as those offered during the regular college day, and regular college credit will be given to individuals who are enrolled in the courses.

CHRISTIANITY 303—History of the Christian Church, covering church history from Apostolic times to the present day, will be taught by Pastor Walde-mar Gies. Two credit hours will be given for this course, which will meet on Thursdays at 5:40-6:35 p.m. and 7-7:45 p.m.

Education 414—Audio-visual Education, designed to teach techniques for the use of audio-visual aids and the operation and care of various types of projection machines, will be offered on Mondays at 5:40-6:35 p.m. and 7-7:45 p.m. for one credit hour. Richard Wiederanders is the instructor.

ENGLISH 101—Communication Skills is offered for the purpose of developing college-level proficiency in the four verbal skills of reading, writing, speaking and listening.

John M. Solensten, new faculty member, will teach this four-credit course on Monday, Tues-

day, Wednesday and Thursday afternoons from 4 to 4:50 p.m.

ENGLISH 208—The Short Story, a study of American, English and Continental authors, is a three credit-hour course taught by the Rev. Neil Eckstein. This class will meet on Monday and Thursday evenings at 5:40-6:35 and 7-7:25.

History 101—The Western Heritage, a history course dealing with the development of our Western civilization, is offered for four credit-hours. Two classes will be held.

Raymond Norheim will teach one of these classes on Monday, Tuesday, Wednesday and Thursday afternoons from 4 to 4:50 p.m. Ronald Matthias will teach the other on Monday and Thursday evenings at 5:40-6:35 p.m. and 7-7:45 p.m.

MATHEMATICS 110—Principles of Arithmetic, a course for elementary teachers, will be taught by Richard Wiederanders on Saturday at 9-10:15 a.m. and 10:30 a.m.-12 noon for three credit-hours.

Sociology 321—Anthropology, a description and critical study of contemporary societies and cultures, is a three credit-hour class, meeting on Monday and Thursday evenings at 5:40-6:35 and 7-7:45. The Rev. August Baetke is the instructor.

A Warm Welcome To All Wartburg Students

. . . You Have Chosen One of the Finest Schools
In the Midwest and We Wish You Much Success.

Parsons First On Grid Slate

It's back to the gridiron for the Knights. Knights open up the 1962 campaign this afternoon at Fairfield facing the powerful Wildcats of Parsons. Knights will be trying to get off to a good start this year with a victory after a rather poor season in 1961.

With a victory this afternoon, the Jomen could snap a seven-game losing streak. Knight Head Coach Norm Johansen, however, is mildly optimistic over the prospects of the coming season.

Parsons, on the other hand, is again expected to field a very strong team. The defending Iowa Conference champions this year are under a new head coach, Frosty Westering.

Westering inherits from former Coach Gary Nady such standout performers as half-back Nate Craddock and tackle Lou Wilson, plus several others.

The Knights, although an undoubted underdog, are not conceding a Parsons victory.

Probable starting lineup slated to stop the Wildcats has junior Bob Wachholz and sophomore Brent Bruns at the ends, junior Duane Huth and sophomore Dale Fridley at tackle, senior Roger Pagel and junior Duane Meier at guard and senior Rod Von Holten at center.

Junior Bill Fulcher is slated to start at quarterback with sophomores Bob Nielsen and Ted Johnson as halfbacks and junior Bob Matthias or freshman Jim Pyle at fullback.

Next Saturday afternoon the Knights open their home schedule, facing arch rival Luther. The Norsemen, last year's runner-up, are again slated as a title contender, challenging favored Parsons.

Luther is expected to be a much fired up team. Last year the Norsemen lost a close one to the Knights, 7-6, in a pouring rain.

THREE KNIGHT HOPEFULS slam into practice dummies to signal the advent of a new football campaign. Opener today is at Parsons.

Season Looks Promising To Cross Country Coach

By Paul Baumgarten
Cross-country could have one of its best years ever in Wartburg history, according to head mentor of the sport, John Kurtt. He bases this contention on the good solid nucleus of returning veterans. At least four men have had extensive experience and should be able to produce if they can live up to potential, he says.

The schedule, however, is one that is perhaps as tough or tougher than ever.

The schedule opens on Sept. 29 at Simpson. This should be a rough one because the Redmen will already have one meet under their belts.

They have two good runners from Jordan, who will be returning. Biggest loss for them will be Caldenburg, their top runner, who graduated.

Dubuque, next Knight opponent, should have an off year, primarily caused by the loss of Pete Boyd, one of the best in the conference.

State College of Iowa moves in here Oct. 10. Panthers are a bit down this year, but this will make little difference as far as the Knights are concerned because S.C.I. nearly always has an exceptionally good squad.

Local runners next go to Platteville, Wis. Here they will face an extremely hard course in addition to an always good squad.

The following meet with Winona State will probably be the toughest of the year. In last year's meet Wartburg's top runner of last year, Lothar Columbus, posted one of his best times of the season but managed to finish only fifth.

Loras has lost John Mulholland and this will weaken its cross-country squad. However, here is another one that is seldom weak.

The final meet of the year is at Luther Oct. 30. Kurtt said that this will be the team to beat this year. Luther's power lies not in an individual star or stars but in tremendous team balance.

In the conference meet this year, which Wartburg will again host, Kurtt stated he had hopes of finishing somewhere other than last place.

Phy. Ed. Major Open To Women

Physical education is being offered as a major field for Wartburg women for the first time and about twenty women have indicated their intentions to major in it.

A minimum of 30 credit hours will be required of the co-ed majors. Two new courses, Kinesiology, science of human motion, and Rhythm and Dance have been added to the P.E. curriculum.

Wartburg has previously offered a minor in physical education, but the shortage of physical education teachers and the interest of many girls has necessitated the change.

Miss Nancy Mista, who earned her B.A. at Wartburg in 1958 and her M.A. at Colorado State, will head the program. Mrs. William Striepe, a 1959 Wartburg graduate, will be teaching on a half-time basis.

Parsons at Upper Iowa
Simpson at Dubuque

IM Program To Begin Soon

IM program is slated to be kicked off sometime next week with flag football, according to general chairman Jim Ward, senior.

It was expected that sign-up sheets would appear before the end of this week, said Ward.

DUES WERE collected for the first time at Senate Night. They are one dollar for men and 50 cents for ladies.

More women's activities are slated for this year. These will include swimming, co-ed volleyball, co-ed bowling, co-ed tennis and perhaps a track and field meet especially for the women.

The most important difference in this year's program as opposed to previous programs will be the addition of an officials' association.

This organization, headed by senior Leon Oltmann, will have, in addition to its officiating duties, the responsibility of setting up ground rules and handling complaints and protests. It is to have regular meetings for this purpose.

CHIEF PURPOSE OF the organization is to make the officiating at IM contests uniform. It will be composed primarily of P.E. majors, minors and athletes.

Ward, however, emphasized that anyone who is interested and feels he qualifies should apply for membership. He stated that to maintain high standards, the group would be somewhat selective.

As sort of a side benefit, Ward stated that the group would attempt to get some of its members licensed to umpire at high school baseball games in the state.

As further inducement, pay-

ment to officials for their work at the IM games is a prospect.

OTHER EVENTS to be sponsored by the IM committee include a turkey run in November, a possible miniature golf and regular golf tourney sometime this fall, volleyball, co-ed volleyball, basketball, co-ed bowling, wrestling, softball, track, tennis, co-ed tennis, badminton and possibly ping-pong and pool.

Ward added that there also was a possibility of a Saturday recreation league organized on a more informal basis than the regular program. Its purpose will be to give students who stay on campus over the weekend an opportunity to participate in some recreation.

A Utility™ Ball Pen.
The **Lindy**
A good practical pen for everyone.
Everybody likes the LINDY.
It writes nice.
Lots of students buy two or three at a time.
Maybe because it's only 39¢.
Maybe because there are twelve brilliant ink colors.
Or maybe they just like to have two or three or twelve around.

Also nice to have around:
STENO-PEN 49¢ ea. F.T.I. FAIR TRADED
The secretary's secretary.
AUDITOR'S PEN 49¢ ea. F.T.I. FAIR TRADED
Fine for (it figures) auditors.
LEGAL COPY® PEN \$1.00 ea. F.T.I. FAIR TRADED
Retractable. Makes a permanent impression.
STARLET® \$1.50 ea. F.T.I. FAIR TRADED
Retractable. Smooth performer.
MANUFACTURED BY LINDY PEN CO., INC. CULVER CITY, CALIFORNIA, U.S.A.

Summer Changes Campus

Several changes on the Wartburg campus took place during the past summer, some of them obvious, and others not so obvious, according to Walter Fredricks, business manager.

North Hall received a "new look" with a paint job of cocoa brown. Old Main also shows a big change. This building, used for the Business Department and some other offices, was completely renovated this summer.

THE SIDEWALKS HAVE also been repaired and two new sidewalks have been added. It is now possible to walk directly from the Union to Old Main without being a campus-cutter.

The other new walk is found on the south side of Hebron Hall, linking this dormitory to the main sidewalk.

NOT SO OBVIOUS to the average observer were several stumps in the lawn. These were removed by the summer crew.

Those driving will observe that it is no longer necessary to swerve all over the driveway to avoid holes and bumps. The asphalt drives have been repaired, and the holes have been filled and resurfaced.

MUCH CLEANING and repainting took place in Wartburg Hall and Grossmann Hall.

"The small dining room in the cafeteria has been converted into a special baking

room. Two large, full-size bake ovens have been purchased. Later this year additional equipment will be added to give a greater capacity for the production of baked goods," according to Fredricks.

ANOTHER IMPORTANT change not so noticeable is the complete re-roofing of Old Main and Luther Hall.

Soon all the main buildings of the campus will be equipped with a gas-heating system. This summer Old Main was converted from coal to gas heat.

The Wartburg Trumpet
Saturday, Sept. 15, 1962

Editor Needs Staff To Put Out Paper

A Trumpet organizational meeting will be held next Tuesday at 6:30 p.m. in Room 207, Luther Hall.

All freshmen or anyone interested in writing for the Trumpet are urged to attend by Trumpet editor Elaine Melchert.

Literary Talent Wanted

Castle Editor Louise Loots urges all interested students to start writing for the Castle, campus literary publication.

Deadline for submission of original literary works such as short stories, poetry, prose, essays and/or book reviews will be around Thanksgiving.

Cuts Change

Through the action of the faculty at its fall seminar a new policy concerning absences has been adopted, according to Dean of Faculty John O. Chellevold.

The policy is that "Class attendance in the upper division (300 and 400 courses) shall be the responsibility of the student. However, the individual faculty member with the approval of the dean of faculty may establish the practice of linking attendance with grading."

This statement was submitted to the faculty for consideration by a movement of the Educational Policies Committee at its meeting last May 21.
